

## Heavy Goods Vehicles now available on EDI

Wrightway are delighted to announce that, following the successful launch of our Truck Plan HGV product on Comquote, we are now extending this new facility to quote for **Hire & Reward**, in addition to Own Goods use, with effect from 1st December 2013

Wrightway Managing Director Brendan Pollard commented:

*"We have been working hard in conjunction with Relay to bring this new facility to the market place, and as the market leader for Heavy Goods Vehicles we are delighted to be in a position to now offer our highly successful Truck Plan product, underwritten by A rated insurers, to our extensive network of brokers via Comquote"*

Brokers can now

- obtain a quotation
- effect cover
- print documents (cert, disc and schedule)

for **Heavy Goods Vehicles** at the point of sale.

This facility, **exclusive to Wrightway**, is a remarkable step forward as we continuously endeavour to streamline processes for our brokers.

With Wrightway celebrating almost 15 years in business, our highly experienced underwriting and claims staff are always available to provide support and answer any queries you may have. We look forward to your continued and loyal support.

*Wrightway would like to take this opportunity to wish you and yours the very best for Christmas and the New Year*
